30 days for EPA HQ review.

That would be, say, this Monday 4/10 through 5/9.

Angeles and John,

Good news – I had a call today with Amy Legare from EPA Headquarters about the Anaconda RRRT review. I answered all her questions, we had a good long discussion, and she agreed that we do not need a national RRB review. She will have Jim Woolford sign a memo in that regard, and she said I can proceed with submitting my draft ROD to Christine Poore in HQ for review. Thanks for all your help and involvement with the RRRT!
